ORGANIC HERBAL TISANES *tins 1 OZ \$7.25 | bulk \$28.00 PER ½ LB*

VITA FLORA Our mineral-rich tisane offers an interesting twist on the traditional hibiscus-based blends. Vita Flora is elegant, multi-layered and sophisticated. Contains: Alfalfa, nettle, peppermint, oatstraw, lemongrass leaves, red clover, hibiscus flowers and horsetail.

MELLOW Our gentle and calming blend has been reformulated to include passionflower, lavender, rose petals and cinnamon bark, adding color, vibrancy and complexity. A great way to wind down the day.

PURE PEPPERMINT Aside from their centuries-old reputation as cure-alls, dried mint leaves have been brewed for their aroma, refreshing flavor, and cool aftertaste. Some add them to India and Ceylon black teas, and they are traditionally used in Morocco with Pinhead Gunpowder tea.

ORGANIC GREEN TEA *tins \$7.25 | bulk \$28.00 PER ½ LB*

VITAL GREEN This tasty tonic of nettle, spearmint, lemon balm, calendula petals and Japanese green tea brews a deep green, mineral-rich and flavorful infusion. 1.5 OZ.

PINHEAD GUNPOWDER Hand-rolled into tight little pellets that resemble gunpowder, Pinhead Gunpowder brews a clear amber liquor with a tint of green, a light fragrance and a clean, lively, bright taste that is vaguely sweet and haunting. It has surprising body. Use a bit more water than usual when brewing. Add our Pure Peppermint to create your own "Moroccan Mint" blend. 2.5 OZ.

JASMINE GREEN Closer to green than Oolong tea, our Jasmine is selected from hundreds of fine teas, the leaves being picked at their flavor peak in the spring before the rain and the period of fast growth. The tea, a Pauchong, is then held with special care until summer when the best flowers are available for blending, to impart their rare and delicious perfume. It is indeed a tea of teas: extremely fine, delicate and aromatic. 2.5 OZ.
